WHOLESALE ONLY

WORTH READING

5% discount for cash with order. 2% discount for payment of invoice within ten days from date.

Carloads and truck loads will be loaded free. Local freight and express shipments have to be packed, and invoices will have only actual packing cost added.

Approximate weight of balled plants:

Under 18 inches—10 to 15 lbs.
18 to 24 inches—25 to 35 lbs.
2 to 3 and 3 to 4 ft.—40 to 50 lbs.
5 feet and over—50 to 70 lbs.

Verhalen grades are always generous. We favor the buyer when grading.

Scottsville is in Harrison County, Northeast Texas, where nursery stock (along with natural plant life) becomes dormant in October, goes through normal low winter temperatures of 20 degrees above zero and does not break into spring growth until late February or early March, thus producing hard, fully dormant nursery stock which ships safely anywhere.

We sell at Wholesale Only—Not One Plant at Retail.

FALL 1932 - SPRING 1933

VERHALEN NURSERY CO.

SCOTTSVILLE, TEXAS

Our evergreens are grown on rich, heavy, tough balling soil and all of the balls of earth are uniform in dimensions according to the size of the plant. This is a valuable factor.
